MULTIDISCIPLINARY PRODUCT DESIGNER

Our surroundings have much to offer if you have an eye for it. **As witness, aka Sakshi**, I am someone who possesses the ability to observe and appreciate the finer details in every experience. With a natural inclination for creativity and a meticulous eye for detail, I am driven by the desire to transform ideas into meaningful designs. I thrive on blending aesthetics with functionality, crafting solutions that resonate with users while ensuring precision and purpose. My approach is rooted in curiosity, adaptability, and a pursuit for impactful design
